

Aperam Industrial Base

Capacity*

A solid industrial base

* Nominal capacity reflects design capacity, and does not take into account operating time limitations and other constraints in the production process.

** Includes 0.06Mt of finished HRAP products

Aperam Production facilities by geography

Country	Locations	Size (square kms)	Type of Plant	Products
Stainless & Electrical Steel				
Brazil	Timóteo	2.1	Integrated mill/Blast furnace/Electric arc furnace meltshop/Hot Rolling/Cold Rolling	Stainless/Electrical
Belgium	Genk	0.5	Electric arc furnace meltshop/Cold rolling	Stainless flat
Belgium	Châtelet	0.8	Electric arc furnace meltshop/Hot rolling	Stainless flat
France	Gueugnon	0.4	Cold rolling	Stainless flat
France	Isbergues	0.9	Cold rolling	Stainless flat
France	Pont-de-Roide	0.1	Cold rolling (Precision)	Stainless flat
Nickel Alloys & Specialities				
France	Imphy	0.4	Electric arc furnace meltshop/Hot rolling/Cold rolling	Nickel Alloys
France	Amilly	-	Downstream	Electrical components
France	Épône	-	Downstream	Wire drawing
China	Foshan	-	Downstream	Magnetic Cores
