

Stainless Services & Solutions

FLAT BARS AND SLIT COILS

For more than 25 years, Aperam Stainless Services & Solutions Luxembourg has specialised in producing and distributing stainless HRAP products from 2 mm to 20 mm thickness, available as flat bars and narrow strips. Thanks to a wide range of grades, dimensions, finishing equipment, polishing and machined edges, we are well-positioned to satisfy all of our customers' needs. Our team would be pleased to demonstrate our commitment to provide industry-leading customer service, on-time delivery and quality products.

Package: bundle of 500 kg.

Service ++: your flat bars with 4 polished sides!

Thickness (mm)	Width (mm)		Length (mm)	
	Mini	Maxi	Mini	Maxi
2	10	120	2 000	6 000
3	10	300	2 000	6 000
4	10	300	2 000	6 000
5	15	250	2 000	6 000
6	15	300	2 000	6 000
8	20	300	2 000	6 000
10	20	300	2 000	6 000
12	30	300	2 000	6 000
15	40	250	2 000	6 000
20	50	250	2 000	4 000-6 000*

* 6.000 mm for 1.4307 and 4 000 mm for other grades

Service Centre

Thanks to our state-of-the-art production equipment, we are able to quickly and easily deliver small quantity orders (from 500 kg) on short lead times (within 10 days). We supply a wide-range of top quality stainless steel, enabling us to meet all your demands - from supplying sampling for new projects to unforeseen last minute orders. We keep a constant supply of the most popular grades and thicknesses, which means we can supply within 2 weeks. In addition, we produce surplus material from production on a daily basis, so do not hesitate to contact us to check what is available in stock.
