

We invite you to attend Aperam's CMD in Genk, Belgium, including a tour of our new state of the art downstream lines.

**7 September 2021**

**8:00 – 12:00 Presentations + Q&A**  
**12:00 - 15:00 Genk plant tour**

The day will include a strategy update, provide more insight into our European footprint changes and the Alloys growth plan.

We will host the event partially in hybrid format: the presentations and the Q&A session will also be accessible via webcast.

The full program and registration details will follow.
